Solar Power - Off Grid

Solar home system

Technical data:		Fitting List				
		Item No.	Name	Model	QTY (PCS)	Amount
Capacity		Power box	Converter			
Rate Output Power			Controller			
Output wave			Switch(auto)			
Output current		Battery				
Precision of output voltage		Solar Panel				
Precision of output frequency		Cable				
False output wave of AC		Total				
Power factor		Real picture 				
Overload ability						
Invert efficiency						
Output voltage						
Output frequency						
Maximum output power of Solar Module						
Maximum output voltage of solar module						
Maximum output current of solar module						
Battery capacity						
Best output power everyday						
FOB Shanghai (US \$)						

Package data:	
Package Measure of power box	
G.W.of power box	
CBM	
Package Measure of solar Module	
G.W. of solar Module with shelf	
CBM	
Package Measure of battery	
G.W.of battery	
CBM	

Reference: Max Power Supply Capacity Reference

Name of Load	Model	Power	Quantity	Working Time per Day (H)	Continued Working Days
Color TV					3 continued overcast and raining days
Satellite TV Receivers					
Energy-saving lamp					
Refrigeratory					

System Price Includes: Off-Grid of complete Solar System including Mono-crystalline Solar Panels, Off Grid Hybrid Inverter and charger controller, battery, cables with accessories.
